

Thank you so much for adopting a donkey!

Please choose your donkey from the following or you can let us select a donkey for you:

THABO

Small dark brown/black gelding with white "tear-drop" on right cheek. Teenager and always scruffy!

SHEILA

Dark brown donkey with a roll of fat on her neck - was overfed to be slaughtered for lion food - still very wary of humans.

SPOKIE

White donkey, over 30 years old, rescued in Swellendam in shocking condition. Very sociable with a resounding voice!

DINKY

Very small elderly light brown mare with beautiful broad cross on her back, dark edges on her ears, somewhat anxious posture, head often held very low.

DONKEY

Dinky's large, handsome son with a similar cross, dark brown, teenager, very confident and friendly.

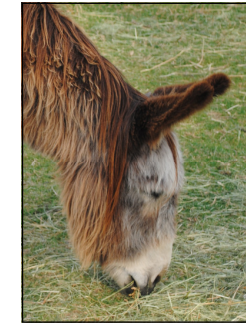

DOWWE DOLLA

Glamorous young mare, dark brown (winter)/black (in summer) with long blonde hair in ears and mane, about six years old, rescued from horrible circumstances.

BELLA

The only one with a completely dark face and muzzle. Brown mare about 25 years old, loves people, chases geese! Faint zebra stripes on her legs.

EEYORE

Shaggy, very long-haired brown gelding, with blonde high-lights! Elder statesman of the herd, well over 30 years old.

AMY

Dark brown mare, very friendly, with huge pads of fat on her body. Overfed by her previous rescuers in an attempt to compensate for her dreadful past.

ZIGGY

Shaggy long-haired foal, rescued from a "petting Zoo" covered in filth. She has bounced back after rehabilitation and is now very friendly and inquisitive.

KITKAT

Rescued together with Ziggy. Pretty brown/grey foal with zebra stripes on his legs. Slightly shy and stays near Big Cousin Ziggy when he is unsure of matters.
